

CHART 8517

Stream No. 16 (No notice) West side near south entrance to  
Culross Passage.

Copper River Packing Company trap close to this stream.

Two streams here. The north one has a falls at high tide line.,  
and is a fair-sized one. The south one is smaller--about  
8 feet wide and 3 inches deep.

Large one has good gravel bar at mouth and bay is shallow.

Small one has a rough boulder bed with some fine stuff and good  
gravel at mouth,--bay shallow off mouth.

Should be accessible about  $\frac{1}{2}$  mile.

August, 1924.....lots of fish here.

September 7, 1925.....only 50 fish--dead and alive.

July 29, 1926.....only 20 fish.

August 10, 1927.....6,400.

August 25, 1928.....5,850.

August 22, 1929.....4,300, 25% chums.

September 18, 1930.....13,000, 5 % chums.
